

# Creativity is...

...making, doing, designing, playing, modelling, imagining,  
making a mess...

## At home I could...

Dress up...make a mask...write a song...role play...take photos...design a menu...make a film...write a story...plant seeds...invent something...make a den...visit an art gallery...make up a dance...make a kite...tie-dye a t-shirt...make cakes...visit a museum...use dry pasta to make jewellery or a 3D picture...build something out of junk...make a sock puppet...potato prints...create a new superhero and draw a cartoon strip...make an instrument...model with dough...bake bread...hand or feet prints...make a potion or perfume...make a collage...make a photo frame...plan a treasure hunt...decorate biscuits...draw the view from a window...design wrapping paper...paint a picture...use chalks on the patio...make a miniature garden...use face paints...solve a problem...make a paper aeroplane...put on a show...build a tower or a bridge from newspaper...design an advert...fill a memory box...make a present...keep a diary...make a mud pie, a snowman, or a scarecrow...make up a poem or rhyme...start a collection...go for a walk to find natural treasures...build an assault course...make up a game...paint a flower pot...imagine being a book character...make up a joke...

## By being creative I learn to...

- Make the best use of the resources available to me
- Reflect on what I am doing and how I could do it better
- Ask questions, and to question how things are done
- Use my imagination
- Persevere until I get it right, am happy with my work, or solve a problem
- Be playful
- Become absorbed in my task or project
