

# TEAM SPIRIT

...a sense of collaboration and togetherness

## I need...

Opportunities to work with others  
(to experience a range of situations)  
Strategies to develop co-operative skills  
(to be able to describe the process)  
Time to practise working in a group  
(to be able to improve on my skills)  
To understand different roles in group work  
(to become a more flexible collaborator)

## I will...

take turns  
(know that everyone's contribution is important)  
share my ideas  
(know that I have knowledge and understanding that I can share)  
listen to others  
(know that I can learn from them)  
empathise  
(try to understand what they are feeling)  
compromise  
(know that some decisions are difficult and there has to be 'give and take')  
learn from my mistakes  
(know that I cannot always be 'right', but not stop trying)

## I feel...

Listened to  
Respected  
Inspired  
That I belong and I am included

## Learning to Learn...

Collaborating  
Listening  
Questioning  
Reflecting  
Noticing  
Reasoning  
Empathy  
Perseverance
