

CREATIVITY

...inspiration flowing through thoughts

I need...

Resources to choose from
(to be prepared)
Opportunities to take risks
(to enable me to 'have a go')
To feel safe to experiment
(to take a chance with my learning)
A sense of freedom
(to use my time effectively)
To feel supported
(to boost my confidence in my own abilities)

I will...

be courageous
(know that I can believe in myself)
take opportunities
(know that I am in control of my learning)
seek inspiration
(know that I can feel passion for my creative choices)
learn from others
(know that there is a wealth of creative spirit 'out there')
actively shape a creative environment
(know that my contribution is valued)

I feel...

A sense of freedom
Involved
Listened to
Respected
I am an individual
Content
That my right to be creative has been acknowledged

Learning to Learn...

Resourcefulness
Reflecting
Questioning
Imagining
Perseverance
Noticing
Playfulness
Absorption
