Dear Parents and Carers,

‘ONLINE LEARNING PORTAL’

I would like to begin by offering thanks to all of you that have made a concerted effort to support your child/ren with their home learning so far, we look forward to this continuing until we are able to safely welcome all of your children back to school.

We strongly believe that school is the best place for your child/ren to be learning, however, for those year groups and pupils where this is not yet possible we have adjusted our online offer in order to support you further. We wish to share some exciting additions to our online learning portal. In addition, to what is currently being shared weekly on Microsoft teams we will be introducing lots of interactive ways to learn.

As part of our new online offer we will be providing the following:

Lives

Each year group will have a “live” slot; these will all be staggered so that families with one device are able to take it in turns. This “live” will then be saved and will be accessible to anyone who is unable to access it at the time stated below. This also means that anyone who benefits from repetition can watch it again.

Question and Answers/Feedback sessions

These will happen each day at a set time (stated below); the sessions are designed for parents, carers and children to ask questions about the challenges set or even just to talk about the way they feel!

Storytime for KS1 and Reading Activities for KS2

Each Year group will have access to an online video. EYFS and Key stage 1 pupils will be able to enjoy a fun and engaging story time session linked to the topics being covered in school.

Key Stage 2 pupils will have access to a Reading challenge, activity or text review linked to Reading skills that are age appropriate.

Phonics Sessions

There are already lots of phonic resources online for you and your children to access; we will be adding to these fantastic resources throughout the next few months as appropriate.

Interactive Singing sessions

Your children will now have access to a daily singing video; this may be learning a new song, singing familiar songs, or learning poetry. These sessions will lift spirits, so raise the roof and enjoy!

Art Challenges

Daily Art tutorials and challenges will now be available for you to enjoy. We look forward to seeing all of your lovely creations.
